

PHARMACOAERENA

Authors Guidelines

Scope Of Journal Pharmacoaerena An International Journal of Pharmaceutical Research is committed to publish innovative research papers, review articles , short communications & notes dealing with the vast area of life sciences including applied chemistry , biology, microbiology, phytochemistry, molecular modeling , characterization & evaluation of drug delivery system, both invitro & invivo . The area may be extended to genomics, radiopharmaceuticals, and such other diagnostic entities. Moreover the scientific interest will be focused on various areas of pharmaceutics, pharmacology, pharmacognosy & Pharmaceutical and medicinal chemistry, biology, life sciences, prodrug design, nanotechnology& biotechnology.

Editorial Policy

The Prominent criteria for publication are high scientific quality, originality, and interest to multidisciplinary researches. Papers with scarce insufficiency of experimental details will not be accepted. The technical queries will be presented back to the authors even though the editors reserve the right to make alterations in the text without any change in the technical content. In the case of multi authorship the submitted manuscript are reviewed on the presumption that the listed authors conquer with the submission and a copy of final manuscript has been coherently approved by all authors . If accepted the literature shall not be published elsewhere in the same form in either the same or another language with the consent of publisher & editors. Authors will be asked to state in a covering letter while submitting the papers for publication , the novelty embodied in their work or in the approaches taken in their research. No paper will be published which does not disclose the nature of the product / formulation used or details of materials utilized as key to the performance of the product.

Manuscript Submission

All manuscripts must be submitted online through the website www.pharmacoaerena.in , Go to the website and open manuscript submission , and then follow the step by step on screen instructions for uploading your files. First time Users will have to register at this site , after registration authors will be asked to upload their manuscript and associated artwork. If any problem persists then please contact our editor by email at editor@pharmacoaerena.in. Manuscripts are accepted on the understanding that the authors have obtained the necessary authority for publication. Manuscripts with multi authors imply the consent of each of the authors. The publisher will presume that the corresponding author has specifically obtained the approval of all co-authors to submit the articles to www.pharmacoaerena.in

File Format

Microsoft word files(all versions, *.doc) or Latex files will be accepted . If a manuscript is prepared in Latex, the source code and a pdf version must be submitted.

Cover Letter

Check in your cover letter whether you supplied at least 5 potential referees, check if the English corrections are done before submission.

Copyright form

Manuscripts submitted to the journal must be unpublished and not under consideration elsewhere.

Manuscript Design

Manuscript should be concisely written and each manuscript should be typed single spaced on A4 paper format, the printing area is 17.5 c.m*26.2cm. The margins should be 1.75 cm on each side of paper (top,bottom,left &right sides). It should be arranged in the following order :- Title, Abstract, Keywords, Introduction, Material & Methods, Result and discussion, Conclusion, Acknowledgement and References .

Title Page

Title page should contain title of the paper in bold face, title case(font size 14), names of the author in normal face, upper case(font size 12) followed by the address in normal face lower case. Authorsfull first and last names must be given. Abbreviated middle name can be added. The author to whom all correspondence be addressed should be denoted by an asterisk mark. The title should be as short as possible and precisely indicate the nature of work in the communication. Names of authors should appear as initials followed by surnames. At the bottom left corner of the title page, please mention Address for correspondence• and provide a functional e-mail address. Address of the corresponding author to whom all correspondence may be sent should be given only if it is different from the address already given under authors names.

Abstract

The abstract should be prepared as one paragraph (about 200 words). Abstract should briefly reflect all aspects of the study. Do not include references in the abstract.

Keywords

A list of three to eight keywords must be given and placed after abstract.

Introduction

A short introduction of research followed by a brief review of literature and objective of research.

Material and Method

All important material used along with their source shall be mentioned. The material selection should only include information that was available at the time the study was planned or protocol written.

Result and Discussion

This segment should focus on the fulfillment of stated objective as given in introduction. The result should be presented in a logical sequence in the text, tables, and illustrations, giving the main or important findings first. Do not repeat in the text all the data in tables or illustrations; emphasize or summarize only important observations.

References

Reference should be numbered according to the order in which they appear in the text. Reference number should be placed in a square brackets [], and placed before the punctuation, for example; [5], [1-4], and all the references should be listed separately at the last section of the manuscript.
